

DEMS

Transport equipment

JOST

- DEMS is a supplier of the internationally renowned JOST range of transport equipment and spares.
- In our modern workshops in Durban, we service and repair all the components offered by JOST and we also undertake fleet inspections on request, to establish road worthiness of these items.
- In addition, we stock and supply a full range of hydraulics for tip trucks. This range includes hydraulic tipping cylinders, valves, pumps, PTO's and Powerpacks for truck/trailer bodies.
- We are very proud of our long-standing relationship with JOST and we are fully committed to their mission statements on quality and safety.
- We stock the ROCKINGER range of on-road/off road towing hitches, hook trailer hitches, towing eyes, accessories and special versions.
